

About East End Psychological Services

East End Psychological Services (EEPS) is a highly trusted psychological evaluation and treatment center.

Across Long Island and the greater New York area, parents, school personnel, pediatricians and family physicians have depended on EEPS to offer expert psychological assessment and psychotherapy.

Many individuals and families suffer silently and sometimes never receive proper assistance.

East End Psychological Services offers a comprehensive and outstanding level of psychological care for children, adolescents and adults in two convenient locations.
